## PROFILE

I am a 1st year computer science student, with 3 years' worth of C# and .NET Core experience. My technical competences include, but are not limited to: networking, front-end development, databases, and algorithms.

## EDUCATION

2021
↦ now

**Sofia University "St. Kliment Ohridski" - Bachelor's degree in Computer Science (in progress)**

St. Kliment Ohridski is the most prestigious Bulgarian university in the field of Computer Science.

2018
↦ 2021

**IT-kariera - Professional qualification (3rd degree) "Applied Programmer" (signed by ELSYS)**

IT-kariera is a national program in the field of computer science. It educates teens on everything from programming basics to algorithms, databases and web development. I scored top of my class.

2016
↦ 2021

**9th French Language School - Secondary Education**

## EXPERIENCE

07.2020

**DevriX - Internship in development of WordPress websites**

DevriX is a company, specializing in custom-tailored WordPress solutions for businesses.
I worked on the back-end of a demo e-commerce application. I learned a lot about working in a team and writing good software.

## PROJECTS

12.2020
↦ 04.2021

**DevHive - Social media**

DevHive is a group project, founded on ASP.Net Core 5.0, Angular and PostgreSQL. It follows the MVC pattern and REST standard.

05.2020
↦ now

**syndamiadotcom - Personal website**

syndamiadotcom is self hosted and made from scratch. Gained experience with HTML, CSS, Apache, Docker, SSH and networking.
